MARQUEE TENTS

We have a variety of tents by sizes

- Marquees are a hybrid of the pole tent and the frame tent. They are designed to give you the showiness of a high pitched pole tent with the benefits of installation from a frame tent and come in different sizes

STETCH TENTS

We have a variety of tents by sizes

- They are a single piece of waterproof material that is stretched tight over an area, with free standing poles used internally to create the desired shape and space.
- It is an innovative take on a traditional marquee

HIGH PEAK TENTS

We have a variety of tents by sizes

- They are a cross between the frame tent and the pole tent. They are designed to give you the spectacular appearance of a high pitch pole tent without any center poles

CHAIRS

We have a variety of Chairs

- Our seats come in different designs, shapes and patterns and are either dressed or plain. The seats are provided according to the type of events and the clients preference.

SPANDEX SAILS

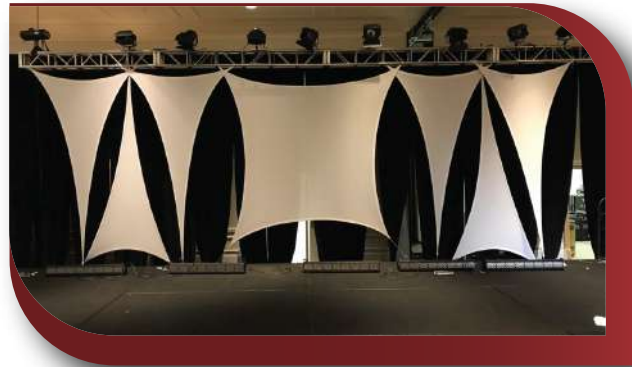

- Square and Rectangular Spandex Sails can be hung overhead to provide shade to guest seating areas at outdoor events. They can also be installed behind podiums or stages for added pops of color and decoration.

Rectangular Spandex Sail

Rectangular Spandex Sail used as a Shade

Rectangular Spandex Sail Illustration in an Event

INFLATABLE STAGE COVER

- The open front and canopy make this air structure a great option for large-scale outdoor events such as festivals, concerts, fashion shows and exhibitions. It works well as a large stage cover, allowing a 13m stage
